## VIP B.I.M.:

For some time now, we have been experienced a boom in our industries, but not only in our industries, we also gone through a listing and a merger. It is of the utmost importance to make sure that costs, and specifically labour costs are managed in detail.

With the introduction of B.I.M. to our Payroll system, it has saved a lot of time and effort to ensure that we manage these cost accurately, but not only that, it also assisted us in make some calculated decisions regarding our labour cost.

B.I.M. is a great tool, easy to use and a must to save time and to make sure that our labour cost is managed properly.

Regards,

Jaco van der Westhuizen

Payroll Manager.
